LYNMORE SCHOOL VISION STATEMENT

We strive to inspire a lifelong passion for learning. Our approach is rooted in championing teaching excellence and providing a diverse range of learning opportunities in an engaging environment.

Drawing on meaningful connections to our hauora, whenua, iwi, hapū and whānau, we empower our students to become compassionate and well-rounded individuals.

**Term 3 finishes tomorrow —
Friday, 27 September at 3.00pm**

CONGRATULATIONS to our amazing AQUABOTS teams!

On Saturday three teams competed in the regional Aquabots competition at Mamaku School pool. It was an amazing day and our teams did really well, with each of them winning at least one event. All our students demonstrated the school values over the day, particularly courage when the Aquabots didn't quite do what they were expecting them to do. It was great to see the success in this water event, and having our school pool available to practice in was a huge benefit this year (and showed on the day!). A huge congratulations to team 'We Will Rock You 3.0' who came third overall and qualified for the national competition later this year. Thanks to Mr Donnell and Mr Cunliffe for their support with their teams getting them ready for the competition and all the whānau who came and supported on the day. *More photos further on in this newsletter.*

FROM THE PRINCIPAL ...

Dear Parents and Whānau,

As we come to the end of Term 3, I want to express my gratitude for the ongoing support you've shown our school and our students. It's been a busy and productive term, filled with exciting learning opportunities and a true sense of community spirit.

Reflections from the NZPF Conference

Last week, I had the opportunity to attend the New Zealand Principals' Federation (NZPF) conference. One of the most inspiring speakers was Dr. Jordan Nguyen, whose work in innovative technology truly pushes the boundaries of what's possible. He talked about how technology can drastically improve lives, from 3D-printed homes to communication tools that allow individuals with motor impairments to write text with their eyes. His ideas were nothing short of mind-blowing, and I'm eager to share some of these concepts with our students. I encourage you to take a look at some of his work online—it's both futuristic and inspiring.

Another standout speaker was Steve Francis, who emphasised the importance of leadership in schools. His message was clear: leadership isn't just about managing; it's about being proactive and organised, showing up with the right attitude, and boosting staff morale. This is something I've been reflecting on, especially as we continue to work through the challenges in education. It's important for us to remember that our attitudes are contagious. We all have a part to play in creating a positive and supportive school environment.

Olympic Ambassador speaker: Ritchie Patterson

Our middle and senior school were treated with a presentation from Ritchie this morning. The Olympic teams values of Excellence, Respect and Resilience were demonstrated loud and clear throughout his korero. Thank you to Whaea Hayley who organised this for us.

Looking Ahead to Term 4

As we look forward to Term 4, there are plenty of exciting events on the horizon. We're planning class day trips, Kapahaka: Ahurei, Regionals and Te Hiwi o Toroa, Athletics, Volleyball, Aquabotics Nationals and much more.

Thank You

Thank you once again for your support throughout Term 3. It's been a rewarding term, and I look forward to continuing this journey with you all in Term 4. Have a restful and enjoyable break!

Kia pai ō koutou rā! - Have a good day everyone!

Screening for students...

As a school, we are working to remove as many barriers as possible that impact on student learning.

Within our school, this looks like carrying out on-going screening to look at characteristics relating to various needs (including, but not limited to, dyslexic characteristics, reading, writing and math barriers, Irlens characteristics and auditory/visual characteristics).

If any characteristics or barriers from these screens need to be further delved into, we will be in contact with you.
