FROM THE PRINCIPAL ...

Kia ora e te whānau,

We've made it to Week 10—just one more week before we head into the school holidays! Please continue to ask your tamariki what they're learning at school; it's a great way to support their learning journey and spark some wonderful conversations at home.

Handball Fun and Learning

Handball continues to be the game of choice during independent mobility time. Beyond being a whole lot of fun, this simple game packs a serious punch when it comes to learning and development. It supports the growth of **hand-eye coordination** and **fine motor skills**, while also nurturing some important social and emotional capabilities.

Playing handball encourages:

Clear communication between players

Playing by agreed rules

Honesty and fair play

Turn-taking and managing emotions

Discipline, resilience, and of course, **having fun!**

A massive thank you to *Tony and Heke* who maintain the handball squares for our tamariki—your mahi makes a real difference!

Celebrating Whaea Shona's Hinemoa 4 Class

A big mihi to Hinemoa 4 and Whaea Shona for their item at last week's community assembly. The class reminded us of the importance of **saying names correctly** and working towards making everyone feel that they **belong** at Lynmore School. Thank you for sharing that beautiful message about **understanding and accepting difference**—a true taonga in our school culture.

CBOP Swimming

We are incredibly proud of the 40+ swimmers who represented Lynmore School at the CBOP swimming event yesterday! We hope you all had a fantastic time and know you gave it your best. With our ongoing swimming programmes, we look forward to seeing even more students take the plunge next year.

Screen Time Awareness

I was recently shown this powerful short video about the impact of screen time on our tamariki. You may have already seen it—but if not, I encourage you to watch it and reflect. It's thought-provoking, and I wonder if we'll see more countries move in Sweden's direction when it comes to screen regulation:

Thank you for your continued support. Let's make this final week of Term 1 a memorable one!

Ngā manaakitanga,

Hinei Taute

Screening for students...

As a school, we are working to remove as many barriers as possible that impact on student learning. Within our school, this looks like carrying out on-going screening to look at characteristics relating to various needs (including, but not limited to, dyslexic characteristics, reading, writing and math barriers, Irlens characteristics and auditory/visual characteristics). If any characteristics or barriers from these screens need to be further delved into, we will be in contact with you.

Kia ora,

Last Friday, I was happy to see so many Whānau and teachers showing interest in backyard trapping and taking traps home.

Unfortunately, some people who came had to leave without a trap because we ran out.

We have prepared 20 additional traps, so if you would like one, please come to my class and ask me. After a simple registration, I can give you one trap.

I hope this will be an opportunity for us to think about our ecosystem.

BOT UPDATE...

TE PĀNUI O TE POARI / THE BOARD NOTICES

Kon'nichiwa!

At every Board hui we are presented with reports that help us to aid in the governance of our kura/school. Many of our staff feed into these reports so we can see if the objectives set by the Ministry of Education are being met. The role of the Board is to oversee budgets, property and policy and to ensure the school is a safe environment where every child has access to the education they deserve. We can safely say that our staff, led by our amazing Senior Leadership Team of Tumuaki/Principal **Hinei Taute**, Senior school Deputy Principal **Michael Cunliffe**, Middle school Deputy Principal **Lisa Groot** and Junior school Deputy Principal **Karen Belt**, are managing our kura incredibly well and that all your tamariki/children are in safe hands. We know that all our staff are continually growing and learning, with some MoE-directed professional development in regards to maths and literacy, as well as other development in leadership and improving systems and processes. There is so much work going on behind the scenes to ensure your tamariki have access to the best teaching practices and resources and we hope you are seeing the benefits of all this hard work.

One of our key objectives is ensuring our kura is a safe space for all our tamariki and staff. Which is why we support the framework of **Positive Culture for Learning**. This is using our school values of **aroha, curiosity, courage and integrity** to address behavioural issues in a positive way, rewarding the behavior we like to see and intervening where necessary. Our latest data shows us that term one is always an adjustment period and that some ages and stages of development are more tricky than others. Our learning support coordinators use a number of tools including goal setting, the sensory space and biosecurity outings to engage kids in different ways. We are pleased to see positive reports. We know that the primary school years are incredibly challenging for little people to learn, grow, push boundaries and make mistakes, and we feel that the PC4L approach is working well. Thank you to **Stacey Birch** and **Nikki Filipo** for leading in this area and for your thorough reporting!

BOT UPDATE...

TE PĀNUI O TE POARI CONTINUED

Another objective we need to meet is “**giving effect to Te Tiriti o Waitangi**”. At Lynmore Primary, we are doing that in many ways. We have key partnerships with local hapū **Te Roro o Te Rangi** and **Ngāti Uenuku Kōpako**. These valuable partnerships help us to enrich our akomanga/classroom learning with all tamariki being involved in Kapa Haka and learning about Mihi Whakatau, learning local Waiata, Haka, Moteatea, Titi Torea, Ti Rakau, Poi and more. It is important to us, as a kura in Aotearoa New Zealand, to reflect the local culture and we know all tamariki benefit from this. We also have the opportunity to be involved in being kaitiaki/caretakers of the whenua/land with our biosecurity work catfish trapping both on Mokoia Island and at Te Weta Bay on Lake Rotoiti, and the local pest trapping in Waitawa Bush. We are continuously improving on this objective and what “giving effect” means, and want to thank all our staff for their hard work in working towards this.

Every term we review policies and this term it's *Health, Safety & Welfare, Risk Management, Safety Management Systems* and *Healthcare*. It's our job to review these, but anyone from our school community can also access and review any policy at any time. You can find the link to School Docs, our policy management system, on our website under Policies.

On the property front we're currently working with MoE on our **10 year property plan** - how best to allocate the funding given to us. We're not going to lie, there's never enough money to go around and we have to make challenging calls on what areas are priorities for this putea/money. We have some weather tightness projects which are separate to the 10 year plan and already approved, including our gym roof remediation (again, no progress on a start date yet) and repairs to our admin block. We hope those will start soon. Our new funding allocation comes into effect in July and the repairs and maintenance will be chipped away in priority order. We'd love to say we have extra putea for brand new classrooms, but unfortunately the funding model doesn't allow for that just yet. Please know that we, along with Hinei, will continue to advocate for our classrooms to be updated and modernised.

BOT UPDATE...

TE PANUI O TE POARI CONTINUED

One of the key areas for concern is the **safety of our tamariki** at the start and end of the school day at **pick up and drop off**. We continue to hear of near misses in both our staff and gym carparks. Please do not use these for drop offs and pickups, they are not designed for this. If you have a genuine reason, such as a health requirement, to access the car park, please get in touch with Mary-Anne in the office. Because this area is of such concern to us, we're preparing a survey that should go out before the end of term. This will help us to gather information as we investigate more long term solutions to this problem. We thank you in advance for your help in filling it out.

As you'll probably know, this is a Board election year and our election will be held on the **10th of September**. As we head towards that date we will continue to share what role the Board plays at school so anyone in our community who may be interested in putting their hand up knows what it's all about. If you are ever keen to come along to a hui, all our meetings are open to the public. Our next one is on the 19th of May at 6pm in the SLT office. Anyone wishing to attend just needs to email our Board Secretary, Kerrie at admin@lynmore.school.nz to confirm attendance. If you wish to read our Board minutes, Kerrie has them available to anyone who wants to view them.

We hope you all have a great end to the term.
